INDEX TO VOLUME 37

The following abbreviations indicate the source of material indexed: "ab," abstract under Current Literature; "br," Book Reviews; "cc," Current Comment; "ed," Editorial; "f," filler; "l," Letters to the Editor; and "nn," News Notes. An asterisk indicates an original article in this JOURNAL. Book reviews appear in the subject index under the heading, "Book Reviews." The Author Index, which follows the Subject Index, includes only the names of the authors of original material appearing in this JOURNAL in full or abstracted in the editorial section or in fillers, and the authors and reviewers of books reviewed.

A

Absorption
  drug to hinder, for use in obesity, ab 264
  fat, tests for, ab 388
  intestinal, of cholesterol in man, ab 382
  of vitamin B_{12}, ab 378
Abstracting services, guide published, nn 413
Accounting
  budgeting, *455
  menu scoring for profit control, ab 498
  nutrition, ab 502
  procedures for school lunch, ab 620
Additives, food
  amendment concerning, ab 149, ab 266
  arsenic, selenium, and, ab 154
Administration
  challenges in, ab 60
  food, education for, *21, *27, *121, *124
Adolescents
  cholesterol metabolism in, ab 149
  diet in Tasmania, ab 480
  effect of nutrition education on food choices, *348, *353
  nutrition
    booklet on, nn 413
    status of, ab 149
Adrenal medulla and glucagon, ab 594
Advertising, exaggeration in, f 580
Aged
  beriberi heart disease in, ab 150
  caloric intake and expenditure of, ab 607
  carbohydrate tolerance decreased in, ab 54
  feeding disturbed patients, ab 378
  food
    habits of, studies on, *215
    impaction in, ab 55
  gastrointestinal troubles in, ab 51
  nutrition of, ab 264
    and longevity in animals, ab 607
    problems of, ab 260, ab 607
  weight of, ab 150
Aging, calcium metabolism in, ab 484
Allergy
  in chronic ulcerative colitis, ab 372
  to orange, ab 150
  wheat sensitivity in celiac disease, ab 596
Allowances, dietary, estimating by patient size, ab 154
American Dietetic Assn., The
  Annual Meeting, 72, 170, 284, 285, 405
  Dietetics as a Profession wins award, nn 516
  Elvehjem, C., made honorary member, 583
  Johnson, D., continues as President, nn 412
  management seminar, nn 184, nn 298
  Mead Johnson Awards
    conditions of, 469
    recipients, 585
  Mooring, S. J., joins staff, nn 184
  new slide film, nn 516
  officers for 1960-61, nn 74, nn 412
  President's report for 1959-60, *445
  Roberts, L. J., Essay Award
    conditions of, 469
    goes to E. Seifrit, 585
  Rose, M. S., Fellowship
    conditions of, 468
    goes to J. M. Rivers, 585
  training program for food service supervisors, *242, ab 500
  West, B.B., receives Copher Award, 582
American Society for Clinical Nutrition formed, nn 74
Amino acids
  effect on rat growth, ab 386
  excretion by infants and children, ab 272
  imbalance, effect on growth, ab 386
  in kwashiorkor, ab 150
  no need for supplementation in Canada, ab 151
  and potassium deficiency, ab 592
  requirements of children, ab 268
  in salt-water fish, ab 482
  tables on, history, *211
  and utilization of pulse protein, ab 250
Analysis vs. calculation in dietary appraisal, ab 250
Anemia
  iron
    deficiency, ab 380
      in infants, ab 57
    therapy, oral vs. parenteral, ab 149
  macrocytic, dietary deficiency of vitamin B_{12} in, ab 592
  megaloblastic, folic acid in, ab 52
  pernicious
    and folic acid, ab 150
    vitamin B_{12} and sorbitol, ab 592
  in pregnancy, ab 592
  pyridoxine for, ab 270
Anorexia nervosa, potassium deficiency in, ab 374
Anorexiant, new—diethylpropion, ab 604
Antacids, sodium in, ab 378
Anthropology
  cultural patterns and food habits in Senegal, f 471
  and food habits, *335
Antibiotics
  in aging steak, ab 53
  penetration in fish, ab 53
Apples
  consumption, nn 520
  ways to serve, ab 610
Arbitration, conducting hearings, ab 58
Architect's role in planning food service, ab 615
Arctic survival, and plasma electrolytes, ab 156
Ariboflavinosis and kwashiorkor, ab 52
Army Medical Specialist Corps commissions dietitians in Regular Army directly from civilian life, nn 416
Arsenic and food additive law, ab 154
Arteriosclerosis, vitamins in, ab 593
Arthritis, rheumatoid
  effect of glucagon on, ab 602
  psychologic character of patients, ab 608
Ascorbic acid in broccoli, ab 598
Asia, hypertension and atherosclerosis in, ab 593
Atherosclerosis
  in Asia, ab 593
  coronary
    diet in, ab 264, ab 598
    and physical activity, ab 593
  hormonal influence in, ab 594
  in Israel, ab 593
  lipoproteins in, ab 148
  pathogenesis of, ab 482
Athletes
  diets for, *371, ab 390
  milk for, ab 598
Aureomycin, effect on liver cholesterol, ab 600
Automation in restaurants, ab 164
Aviation medicine, diet and asymptomatic heart disease in pilots, ab 55
Avocados and serum cholesterol, f 117

B

Bacteria
  in banana purée, ab 254
  in electronically cooked foods, *230
  in frozen foods, ab 256
  growth-control factors in egg white, ab 254
Baked goods, protein quality of, ab 376
Banana
  purée, bacteria in, ab 254
  source of serotonin, ab 484
Beef
  budget, ab 168
  irradiated, and vitamin K deficiency, ab 268
  roasts, effect of grade and cooking method on, *363
Beriberi
  heart disease in aged, ab 150
  Shōshin, ab 388
Between-meal eating and dental caries, ab 478
Beverages
  planning good service, ab 616
  preparing basic, ab 168
Bitot's spots and vitamin A deficiency, ab 490
Blood pressure, saluretic agents to reduce, ab 598
Body weight,
  new height-weight tables, ab 482
  and pregnancy, ab 591
Book Reviews (see also Government publications)
  Communication Patterns and Incidents, 590
  Endemic Goitre, 480
  Farm Journal's Country Cookbook, 590
  Folk Medicine, f 31
  Food Service in Industry and Institutions, 370
  Infant Foods and Feeding Practice, 480
  Modern Nutrition in Health and Disease, 50
  Nutrition in Clinical Dentistry, 50
  Nutritional Evaluation of Food Processing, 590
  Nutritional Status U.S.A., 370
  of paperbound books on nutrition, f 214
  Promising Practices in Nutrition Education in the Elementary School, 50
  Safe and Sane Way to Reduce, The, 480
  School Food Centers, 50
Books, reviewing, how to do, ab 57
Bowel, small, resection—diet after, ab 596
Brazil, nutrition survey in rural, ab 492
Bread
  proteins, ab 256
  service suggestions, ab 403
Breakfast, work capacity, effect on, *137
Breast feeding
  extent of, ab 490
  in Israel, ab 490
Broccoli, ascorbic acid and carotene in, ab 598
Brucellosis, role of meat in epidemiology of, ab 51
Budgets
  in the dietary department, *455
  nutrition accounting helps in, ab 502
  preparing, ab 498
"Bulletin 28" of USDA, history of, *209

C

Cafeterias
  current trends in, ab 504
  vending machines in, ab 60
Calcium
  absorption
    and carbohydrate, ab 151
    and lysine, ab 600
  deficiency and osteoporosis, ab 607
  intake and strontium absorption, ab 598
  metabolism in aging, ab 484
  transfer of maternal via milk, ab 494
  utilization and exercise, ab 268
Calculation vs. analysis in dietary appraisal, ab 250
Calories
  intake and expenditure in aged, ab 607
  and lysine requirement, ab 600
Camping for diabetic children, cc 143, ab 154
Canada, no need for amino acid supplementation in, ab 151
Cancer
  of gallbladder, ab 592
  serum protein pattern in, ab 55
Canned foods
  glutamine change in, f 475
  monosodium glutamate in, ab 376

Cape death cup, a poisonous mushroom, ab 154
Carbohydrate
and calcium absorption, ab 151
and cholesterol metabolism, ab 600
intake prior to glucose tolerance test, ab 594
tolerance decreased in aged, ab 54
transfer in placenta, ab 478
Carcinoid syndrome and serotonin metabolism, ab 602
Cardiovascular disease
diet therapy in, ab 593
nutrition and, ab 392
Career guidance
activities by state dietetic associations, nn 636
college students' attitudes toward the professions, *13
pilot project in home economics recruitment, ab 512
Caries, dental
and between-meal eating, ab 478
water fluoridation, ab 610
Carotene in broccoli, ab 598
Carts, food, controlling insects in, f 572
Caucasians, cardiovascular disease in, ab 380
Celiac disease, wheat sensitivity in, ab 596
Cereals, availability of vitamins in India, ab 600
Charts on food value published, nn 188
Cheese
cookery, ab 504
making, staphylococci growth during, ab 252
Chicken
broiler preparation and storage, ab 392
electronic cooking of, *462
fryers, chilling with chlortetracycline, ab 256
methionine and cystine in, ab 254
oven-fried, ab 394
Children (see also Infants)
amino acid
excretion in urine, ab 272
requirements of, ab 268
in Ethiopia
FAO aids feeding program in Ethiopia, f 343
nutrition of, ab 492
Guatemalan, nutritional status of, ab 374, ab 374
Haitian, malnutrition in, ab 592
Intravenous fat emulsion in, ab 57
iodine uptake in, ab 600
marasmic, protein metabolism in, ab 598
nutritional deficiency in South India, ab 600
Tanganyika
eye disease and nutrition of, ab 598
growth in, ab 386
Chinese language, Exchange Lists published in, nn 176
Chlorpropamide
in diabetes, ab 52
vs. tolbutamide, ab 264
Chlortetracycline
in chilling fryers, ab 256
treatment of fish and shellfish, ab 258
Cholesterol
and atherosclerosis, ab 594
blood, and niacin, ab 598
and coronary heart disease, ab 594
dietary, human response to, ab 151
effect on rat growth, ab 374
and infant feeding, ab 148
intake and essential fatty acids, ab 56
intestinal absorption in man, ab 382
literature review on, nn 310
metabolism
in adolescents, ab 149
and carbohydrate, ab 600
serum
in acute starvation, ab 152
and avocados, f 117
levels in Hawaii, ab 151
niacin and, ab 52
reduction of, ab 55
and safflower oil, ab 148, 586
sitosterol, niacin, and safflower oil as reducing agents, ab 270
synthesis and catabolism, ab 591
variability in given persons, ab 593
and vitamin E, ab 376
Chromic oxide as fecal marking, ab 382
Civil defense
food after a nuclear attack, f 362
home economist's role in, ab 512
Coconut oil, planning research diets to include, *562
Cod, irradiation of fillets, ab 482
Coffee
analysis of volatile essence, ab 254
-makers, electric, ab 276
technique for good service, ab 616
urns, closed safety valves can damage, f 467
Coffee break
effect on work capacity, *137
timing of, nn 178
Colitis
chronic ulcerative, allergies in, ab 372
segmental, ab 260
Colleges, programs for food service management, *21, *27, *121, *124
Committees, medical staff, function of, f 338
Communication
art of, cc 141
in the hospital, ab 60, f 120
Community
nutrition in Tasmania, ab 984
relations, Dial-A-Dietitian plan in Detroit, *219
Conalbumin, bacterial growth inhibitor in egg white, ab 254
Consumption
of apples, nn 520
of eggs, nn 292
of fat, in U. S., ab 57
of milk in Kentucky, nn 520
Convulsions, infantile, and vitamin B_6, ab 390
Cooking, effect on sodium in Chinese vegetables, f 573
Copher, M. H., Award goes to B. B. West, 582
Copper, metabolism, ab 51
Cornell Hotel and Restaurant Administration Quarterly founded, nn 174
Cost (see also Accounting)
control
through budgeting, *455
food, ab 168, ab 510
through menus, ab 67
by reducing waste, ab 610
by tracing food usage, ab 66
food, for families of different sizes, nn 632
labor
controlling, ab 403
reducing, ab 274
study of, ab 64
limitations of comparisons with other hospitals, ab 400
Cottage cheese
dip, nn 416
sorbic acid as preservative, ab 596
storing, nn 416
Cranberry sirup, nn 632
Culture and food habits, *335
Curricula, college, for food service management, *21, *27, *121, *124
Cushing's syndrome, osteoporosis in, ab 52
Cystic fibrosis of pancreas, ab 55
Cystine in chicken meat, ab 254

D

Data processing equipment in menu handling, ab 612
Davis, H. M., honored, nn 628
Decision-making, ab 274, f 589
Deficiency
calcium and osteoporosis, ab 607
diseases in the U.S., f 37
iron, anemia, ab 380
in infants, ab 57
kwashiorkor-like syndrome in an adult, ab 149
nutritional, in children in India, ab 598
potassium
and amino acids, ab 592
in anorexia nervosa, ab 374
pyridoxine, anemic symptoms in, ab 270
threonine, partial, ab 56
vitamin A, and Bitot's spots, ab 492
vitamin B_1
and heart lesions, ab 600
in humans, ab 56
of vitamin B_{12}, ab 592
vitamin K, and irradiated beef, ab 268
Demonstrations, quickie, f 245
Density of fat-free body, ab 151
Dental health, nutrition and, ab 478
Desoxyephedrine as aid in weight control in pregnancy, ab 604
Detroit, Dial-A-Dietitian plan in, *219
Diabetes
camping for children, cc 143, ab 154
chlorpropamide in, ab 52
vs. tolbutamide, ab 264
curves related to age, ab 252
diet therapy in, ab 374
Exchange List in Chinese, nn 176
fat and lipids in, ab 57
glucose
tolerance test and prior carbohydrate intake, ab 594
transport and phosphorylation, ab 480
history since 1920, ab 252
insipidus, treatment of, ab 56
insulin, colloquium published, nn 520
long-term, data on survival, ab 252
neuropathy, ab 252, ab 374
and obesity, ab 52
phenethylbiguanide, effects of, ab 149, ab 149, ab 150
sodium orthocresotinate in, ab 380
sulfonylureas, long-term use of, ab 478
in Yemenites and Kurds, ab 598
Dial-A-Dietitian plan in Detroit, *219
Diarrhea
caused by *E. coli*, ab 274
diseases, ab 494
Diethylpropion, new anorexiant, ab 604
Diet therapy
for aged, disturbed patients, ab 378
after small bowel resection, ab 596
in cardiovascular disease, ab—
in chronic renal failure, ab 264
coffee shop for patients, ab 500
in coronary atherosclerosis, ab 264
current trends in, cc 366
in diabetes, ab 374
after gastric surgery, ab 55, ab 154, *344, ab 372
gluten-free diet in steatorrhea, ab 596
high-fat, low-calorie diet for reducing, ab 484
in hypertension, ab 55
hypnosis, limitations of, *115
in idiopathic hyperlemia, ab 58
in kwashiorkor, vegetable protein diets for, ab 380
for malabsorption syndrome, ab 57
for pancreatic disease, ab 51
psychologic factors in, *109
in reducing, ab 264, ab 598
diets, ab 152
sodium-restricted diets and diuretics, f 561
Dietary surveys (see also Nutritional surveys)
epidemiologic study, ab 250
in North Dakota, *339
of pregnant Southern Negro women, *129
of Washington state adolescents, nn 413
Dietetics
administrative, college education for, *21, *27, *121, *124
in small hospitals in Minnesota, *32
Dietitians
definitions of, f 147, f 347, f 461
in diabetic camps, cc 143
future of, ab 164
therapeutic, ab 498
Disease and quantitative food intake, ab 386
Dishwashers, stainless steel, care of, ab 620
Dishwashing
hand, ab 168
improvements in, ab 164
layout for, ab 403
pot washing, ab 403
Diuretics
in hypertension, ab 55
and sodium-restricted diets, f 561
Drive-ins' use of seafood, ab 610

Drugs, when are foods classed as?, ab 380
Dumping syndrome after gastrectomy, ab 608

E

E. coli as cause of diarrhea, ab 274
Economics, world population and food supply, ab 54
Edema and marasmus, ab 380
Education
behavioral factors in, *222
college students' attitudes toward professions, *13
of the dietitian, *16, *19
for food service management, *21, *27, *121, *124
of food service supervisors, *242
learning-by-doing methods, *577
medical, family care experience during, f 140
nursing (see Nursing education)
telling is not teaching, *118
Eggs
albumen, bacterial growth-control factors in, ab 254
consumption in U.S., nn 292
flavor related to chickens' food, ab 594
new products from, nn 182
protein and threonine in, *568
yolk as rheumatic heart disease inhibitor, ab 152
Egypt, iodine uptake in euthyroid children, ab 600
Electrical efficiency of electronic vs. conventional ovens, ab 594
Electrolytes
and Arctic survival, ab 156
in heart disease, ab 55
Electronic cooking
bacteria in food, *230
of chicken, *462
ovens, electrical efficiency of, ab 594
Elvehjem, C., made honorary A.D.A. member, 583
Emotions and renal excretion, ab 592
Employees, older, advantages of, ab 616
Enzymes used to relieve food impaction, ab 55
Epidemiology, dietary surveys in, ab 250
Equipment
coffee
makers, electric, ab 276
urns, closed safety valves can damage, f 467
data processing for menu handling, ab 612
deep-fat fryers, ab 168
dishwashers, stainless steel, care of, ab 620
for fast service, ab 58
food carts, controlling insects in, f 572
fry kettle, ab 612
ice machines, ab 622
kitchen, electric, reference guide, nn 424
knives, ab 403
as management tool, ab 484
research on, ab 400
trays, ab 612
trucks for mobile food service, ab 276
ventilation, ab 398
Ethiopia
FAO aids child feeding program in, f 343
nutrition of children, ab 492
Evaluation of nutritional status through survey, *553
Exchange system in planning diets in fat research, *562
Exercise
and calcium utilization, ab 268
and obesity, ab 602
Exhibits, food, in Chicago museum, nn 76
Eye disease and nutrition, ab 598

F

Factor 3, relation to selenium and vitamin E, ab 388
Fallout
biologic predictions, f 128
strontium-90 in wheat, ab 390
Family care experience for medical students, f 140
Fasting, metabolic response to prolonged, ab 602
Fat
absorption
patterns, ab 148
tests, ab 388
composition in adults and infants, ab 591
consumption in U.S., ab 57
controlled, menu plan for, published, nn 178
in cow's milk, ab 596
dietary, protective effect against internal radiation, ab 608
-free body, density of, ab 151
hydrogenated, need for labeling information on, f 447
intake
planning research diets to study effect of, *562
and serum lipids, ab 150
intravenous emulsion in infants and children, ab 57
metabolism, ab 250
pork, nitrogen of, ab 482
tolerance in heart disease, ab 58
better use of in food service, ab 156
Fatty acids
effect on rat growth, ab 374
essential
and cholesterol, ab 56
in fish oils, ab 152
free, mobilization of, ab 151
in heat-treated edible oils, ab 480
hydrogenation, effect on rat growth, ab 374
in liver disease, ab 268
myocardial metabolism of, ab 266
serum, in starvation, ab 56
synthesized by sebaceous glands, ab 478
tables on, history, *211
Feces, marking with chromic oxide, ab 382
Fifth International Congress on Nutrition, nn 76, cc 587
Films
new A.D.A. slide film, nn 516
"Feeding the Patient," nn 78
Finkelstein, B, honored, nn 628
Fish
antibiotic penetration in, ab 53
Australian carp, no thiaminase in, ab 254
chlortetracycline treatment of, ab 258
fillet frying methods, ab 498
flour, nutritional value of, *234
in Nutrition meeting in 1961, nn 630
nutritive value of, ab 482
oils, essential fatty acids in, ab 152
precooked sticks, radiation of, ab 482
radiated, bacteria in, ab 54
tuna buying guide, ab 498
Fission product, transfer by lactation, ab 478
Flack, K. E., honored, nn 74
Fluoridation
biased criticism of, ab 270
value in preventing caries, ab 252
Folic acid
danger in multivitamin preparations, ab 154
in megaloblastic anemia, ab 52
and pernicious anemia, ab 150
in protein utilization, ab 490
Food
acceptance by children, ab 168
biggest U. S. business, f 49
becomes drugs in Great Britain, ab 380
handling, in Britain and America, ab 494
intake
and hypothalamic regulation, ab 392
quantity
and disease, ab 386
and rat growth, ab 386
patterns, new styles in, f 229
for Peace program, ab 610
preference
of Army men, nn 78
menus based on, ab 166
supply and world population, ab 54
values, analysis vs. calculation, ab 250
Food and Agriculture Organization
aids child feeding program in Ethiopia, f 343
first 15 years, ab 608
program to improve diet in Tunisia, f 465
Food composition
history of tables in U. S., *209, *553
Nutritive Value of Foods, booklet, nn 518
vitamins in meat, ab 604
Food habits
from an anthropologist's viewpoint, *335
of elderly, *215
of pregnant Southern Negroes, *129
problems of improving in Senegal, f 471
of Washington State adolescents, nn 413
Food poisoning
from baked potatoes, f 20
conference on microbiologic standards for foods, ab 608
danger from packaged sandwiches, ab 154
incidence in Britain, ab 492
outbreak on a train, ab 272
problem in restaurant industry, ab 500
salmonellosis, ab 494
staphylococcus, ab 57
and *Cl. welchii*, ab 494
and food mixtures, ab 156
Food preparation
of apples, ab 610
with cheese, ab 504
chicken, oven-fried, ab 394
effect of method on beef roast, *363
electronic cooking of chicken, *462
frying fish fillets, ab 498
with mixes, ab 615
quality control with frozen foods, ab 620
roasting half and whole turkeys, *458
with wine, ab 282
Food preservation
cod fillets, irradiation of, ab 482
of precooked fish sticks, ab 482
radiation increases storage of potatoes ab 482
Food service
college
gourmet cuisine for, ab 610
trends in, ab 156
hospital
coffee shop for dieters, ab 500
data processing equipment for menu handling, ab 612
in Minnesota, *32
in Progressive Patient Care, *448, ab 604
trends in, ab 164
vending machines replace soda fountain, ab 396
Food service supervisors
A.D.A. experimental program to train, *242, ab 500
correspondence course for, ab 500
Iowa's program to help, f 15
Formula foods in reducing, f 576
French toast, frozen, nn 416
Frozen foods, ab 612, ab 618
bacteria in, ab 256
ducks and geese, nn 294
French toast, nn 416
lemon meringue pie, ab 266
milk, ab 394
monosodium glutamate in, ab 376
potatoes, French fries, ab 60
precooked, ab 156
quality control with, ab 620
research described, ab 612
sweet potatoes, precooked, ab 54
turkeys, roasting halves, ab 53
Fry kettles, ab 612
Frying
deep-fat equipment, ab 168
fish fillets, ab 498

G

Gallbladder, carcinoma of, ab 592
Garnishes, ab 618
Gastric surgery, diet therapy after, ab 55, ab 154, *344, ab 372, ab 608
Gastrointestinal disease in the aged, ab 51
Glucose
metabolism in diabetes, ab 480
tolerance test and prior carbohydrate intake, ab 594
Glucagon
and adrenal medulla, ab 594
effect on rheumatoid arthritis, ab 602
Glutamine in canned vegetables, f 475
Gluten-free diet in steatorrhea, ab 596

Goiter
endemic and epidemic in Italy, ab 392
FAO book on, br 476
